TIVAR® TECH	TIVAR® DS (yellow)
TIVAR® Cestidur	TIVAR® Ceram P
TIVAR® SuperPlus	TIVAR® H.O.T.
TIVAR® Burnguard	TIVAR® CleanStat black and white
TIVAR® 1000 ASTL	TIVAR® 1000 EC
TIVAR® Oil Filled	TIVAR® Cestigreen
TIVAR® SurfaceProtect	TIVAR® Xtended Wear
TIVAR® HPV	TIVAR® MD
TIVAR® ICE	
Proteus® H PP natural	

To the best of our knowledge, we herewith confirm that the substances mentioned on the **Candidate List of Substances of Very High Concern as published by ECHA on 28 October 2008 and updated up to and including 7 July 2017**, are neither intentionally introduced² during the production of the raw materials nor during the manufacture of the above mentioned **Quadrant EPP stock shapes**, or that the maximum concentration of 0.1% (w/w) mentioned by ECHA has not been exceeded.

Since the presence of the above mentioned substances cannot reasonably be expected, Quadrant Engineering Plastic Products does not systematically check their absence in its stock shapes by testing.

¹ This statement expires in case of regulatory or compositional changes. New statements are published on our website in case of alterations; previous statements then automatically become void. Please always consult our website for the latest version.

² “Intentionally introduced” means “deliberately utilised in the formulation of a material to facilitate manufacture or to provide a specific characteristic, appearance or quality”.

ENGINEERING PLASTIC PRODUCTS

TIVAR® and **Proteus®** are registered trademarks of the **Quadrant Group**.

This document and any data and specifications presented on our website shall provide promotional and general information about the Engineering Plastic Products (the "Products") manufactured and offered by Quadrant Engineering Plastic Products ("Quadrant") and shall serve as a preliminary guide. All data and descriptions relating to the Products are of an indicative nature only. Neither this document nor any data and specifications presented on our website shall create or be implied to create any legal or contractual obligation.

Any illustration of the possible fields of application of the Products shall merely demonstrate the potential of these Products, but any such description does not constitute any kind of covenant whatsoever. Irrespective of any tests that Quadrant may have carried out with respect to any Product, Quadrant does not possess expertise in evaluating the suitability of its materials or Products for use in specific applications or products manufactured or offered by the customer respectively. The choice of the most suitable plastics material depends on available chemical resistance data and practical experience, but often preliminary testing of the finished plastics part under actual service conditions (right chemical, concentration, temperature and contact time, as well as other conditions) is required to assess its final suitability for the given application. It thus remains the customer's sole responsibility to test and assess the suitability and compatibility of Quadrant's Products for its intended applications, processes and uses, and to choose those Products which according to its assessment meet the requirements applicable to the specific use of the finished product. The customer undertakes all liability in respect of the application, processing or use of the aforementioned information or product, or any consequence thereof, and shall verify its quality and other properties.
